1 - What are the strengths and weaknesses of Tushar Kundu (discussion section leader, lab section leader, grader) as an instructor, and how might Tushar Kundu's teaching be improved?

Response Rate	6/81 (7.41%)

- The best TA without a doubt. This course has been extremely challening yet Tushar was always there to help. I wish I could take other classes where he is the TA or even the lecturer. His explanations are super clear, his enthusiasm is contagious, and he is very humble.
- Tushar is one of the best TA's I have interacted with at Columbia! He constantly is ready to help me with any questions I have and is very great at responding.
- Tushar was great in helping us understand the relevant information. His use of diagrams were very useful in reiterating what was said in class and he also gave us alternate understanding to what the changes in the graph mean. Sometimes, his writing on the board was a bit all over the place since we refer to different formulas multiple times. Despite this, he is always ready to explain what he did and where the formulas are (when we solved them).
- Fantastic TA! Explained concepts clearly, was happy to engage with students and answer questions, and all in all helped me deepen my understanding of the topic. His expertise and clarity made the learning experience much better.
- Nice, approachable, and excellent in explaining conceptually difficult or complex ideas. Overall, one of the best TAs in economics out there.
- BEST TA! He always reviewed the intuitions behind each model which was very helpful! Always cleared doubts on homeworks!

In answering this question, you might address the value of readings and assignments, the structure of the course, the contribution of the course to your knowledge of the subject matter and to the development of your analytical and reasoning skills, etc. We encourage you to use specific examples where possible.

Response Rate	9/12 (75%)

- This course is very organized to increase the active participation of the student.
- The professor is inspiring and caring for students.
- good pace of learning
- .
- Its ability to make complex information, that is both elaborate while also practical is a key strength to this course. The only way it can be improved isn't a problem with the course but with the summer session itself. Everything was condensed down to 6 weeks with 3 hour classes twice a week.
- Very well structured and achieved the learning goals within a limited time
- I like how we are tasked with assignments such as presentations because I have the chance to apply the knowledge that I learned in class to the real-world applications/ topics.
- Strengths: Class durations Homework sets Improvement: More example problems 1-2 quizzes
- Highly interactive and well adjusted course. Structure, progression etc. are great and I enjoyed it a lot. Great to have the open question at the beginning of class.

4 - What did you learn - in terms of knowledge, skills or perspectives - in this course?

Response Rate	9/12 (75%)

- How to assess the effect of the tax on our economy
- I learned the U.S. income system, negative income tax, earned income tax credit.
- tax policies, effects on society and specifically impact on the US
- .
- Understanding the ways in which changes in tax rates affect the market, yourself, and society as a whole. How and what the government will tax for, how people and businesses avoid certain taxes, and insurance plans.
- Various public economics theories and their applications in public policy
- I understand more about social welfare, taxes, and government responsibilities in more details.
- Tax structure Analytical understanding of how taxes affect people's lives and the economy as a whole
- Learned about the impacts of various policy measures on the economy and society to a lesser extent. Helped me more deeply understand the various second-hand effects, e.g. impacts of minimum wage on divorce rates, that policy measures can have.

- I have had Tushar as a TA in another course and he was my favorite. He was incredible in this class as well. he ALWAYS available to help or answer questions and is good at explaining difficult concepts in a way that is digestible.
- Tushar was very helpful and responsive as a TA.
- Very responsive, could offer more resources to solve problem sets.
- He is certainly willing and able to help, but at times he is too vague in helping for a question on problem sets. This is in his attempt to not give away the answers, but a little more guidance would be helpful. Feed back on assignments is great.
- Very helpful.
- Very effective teacher with lots of empathy.

Response Rate	2/97 (2.06%)

• Tushar is wonderful at explaining things in a concise manner, holding your attention, and in my estimation seldom makes mistakes but can catch himself if he does. I also think he is a great person to get to know and he was such a gem in the midst of this shitstorm of a class.

• Great TA and excellent recitation
